House Republicans are pushing #PoisonBills instead of meaningful immigration reform. In fact, @speakerryan & @BobGoodlatte's bills would further expand detention & deportation & criminalize our communities. <https://bit.ly/2taxFwd> #AbolishICE #AbolishCBP #FamiliesBelongTogether

Do you know where your member of Congress stands on [@speakerryan](#) and [@BobGoodlatte](#)'s #PoisonBills? If you stand with immigrants, you must ask your representatives to vote NO on these poison bills that would further criminalize & separate immigrant parents & children. <https://bit.ly/2taxFwd> #AbolishICE #AbolishCBP #BADlatte

The House is voting on 2 #PoisonBills this week. @SpeakerRyan & @BobGoodlatte's bills expand mass detention & deportation, while making false promises to end family separation by proposing family prison camps to solve the current Trump-created crisis. <https://bit.ly/2taxFwd>

Facebook/Instagram:

Family Separation 101 is in session: [@speakerryan](#) and [@BobGoodlatte](#)'s bills will not resolve family separation and will only result in increased targeting of communities of color, subject more individuals to mandatory detention and others to indefinite detention and further criminalize immigrants. Tell Speaker Ryan, family prison camps are NOT the solution to the current Trump-created crisis. <https://bit.ly/2taxFwd> #PoisonBills #BADlatte #AbolishICE #AbolishCBP #FamiliesBelongTogether

.[@speakerryan](#) & [@BobGoodlatte](#)'s anti-immigrant #PoisonBills are not a “#DACA fix” - they further Trump’s white nationalist agenda by targeting black immigrants, low-wage workers, & youth fleeing violence in Central America. <https://bit.ly/2taxFwd> #AbolishICE #AbolishCBP #BADlatte

House GOP want us to believe [@SpeakerRyan](#) & [@RepGoodlatte](#)'s #PoisonBills will end family separation. Only if you think family prison camps = a solution. The bills also criminalize immigrants, tear families apart & push Trump & Miller's racist agenda. <https://bit.ly/2taxFwd>

House Republicans want us to believe that [@speakerryan](#) and [@BobGoodlatte](#)'s #PoisonBills will help end family separation. Only if you think family prison camps are a solution to the current Trump-created crisis. The bills will further criminalize immigrants, tear families apart, and attempt to redefine the US in accordance with the nativist and racist agenda promoted by the Trump Administration. <https://bit.ly/2taxFwd> #BADlatte #PoisonBills #AbolishICE #AbolishCBP #FamiliesBelongTogether

Road to sanctuary? Not with [@SpeakerRyan](#) and [@RepGoodlatte](#)'s anti-immigrant #PoisonBills which will put local sanctuary policies in jeopardy and promote unconstitutional policing practices. <https://bit.ly/2taxFwd> #BADlatte #PoisonBills #AbolishICE

Facebook/Instagram:

[@speakerryan](#) and [@BobGoodlatte](#) are driving our democracy down a dirty road of increased police involvement in deportations. That means more racial profiling, less due process, and countless families heartbroken by the pain of separation. <https://bit.ly/2taxFwd> #BADlatte #PoisonBills #AbolishICE

Republicans when they see an opportunity to criminalize immigrants

GOP jumps at every chance to paint immigrants as dangerous & violent. [@speakerryan](#) & [@BobGoodlatte](#)'s #PoisonBills would continue this practice by expanding the tools to falsely label individuals and deport them as gang members. <https://bit.ly/2taxFwd> #BADlatte #AbolishICE

Facebook/Instagram:

Rather than providing serious solutions to address gang violence, [@speakerryan](#) and [@BobGoodlatte](#)'s #PoisonBills would target immigrant youth fleeing violence from Central America, or those coming with their family members, by expanding the tools to falsely label them and deport them as gang members, criminalizing the act of entering the US for the purpose of seeking asylum and ensuring the detention of these individuals. <https://bit.ly/2taxFwd> #BADlatte #AbolishICE #AbolishCBP #FamiliesBelongTogether

Locking people up indefinitely is wrong

No matter where someone came from or how they arrived to the U.S., their life is of value and they deserve to be treated with dignity and respect.

Under this explicitly anti-immigrant and racist administration, the government has locked up even more immigrants in its inhumane and deadly system of detention.

Goodlatte & Ryan-Miller are bad because they expand the government's ability to lock up immigrants indefinitely and inhumanely.

Connect the dots & you'll see that @SpeakerRyan & @RepGoodlatte's anti-immigrant #PoisonBills would subject individuals to indefinite detention & expand mandatory detention, while doing nothing to secure our country's future. <https://bit.ly/2taxFwd>

Two Republican House anti-immigrant #PoisonBills from [@speakerryan](#) and [@BobGoodlatte](#) would allow DHS to detain individuals indefinitely (ignoring constitutional due process protections), and radically expand the range of individuals subject to mandatory detention, which is detention without access to an individualized bond determination. No-bond mandatory detention would be applied to nearly every apprehended immigrant during the entirety of their immigration proceedings. <https://bit.ly/2taxFwd> #BADlatte #AbolishICE #AbolishCBP
